## **Background**

The following alternatives are considered in the FEIS: (1) Proposed Project; (2) Proposed Project with No Retail Alternative; (3) Reduced Intensity Alternative; (4) Non-Gaming Alternative; (5) Anderson Site Alternative; (6) Expansion of Existing Casino Alternative and (7) and No Action/No Development Alternative. The BIA has selected Alternative 1, the Proposed Project, as the Preferred Alternative as discussed in the FEIS.

Environmental issues addressed in the FEIS include geology and soils, water resources, air quality, biological resources, cultural and paleontological resources, socioeconomic conditions (including environmental justice), transportation and circulation, land use, public services, noise, hazardous materials, aesthetics, cumulative effects, and indirect and growth inducing effects.

The information and analysis contained in the FEIS, as well as its evaluation and assessment of the Preferred Alternative, will assist the Department in its review of the issues presented in the Tribe's application. Selection of the Preferred Alternative does not indicate the Department's final decision because the Department must complete its review process. The Department's review process consists of (1) issuing the notice of availability of the FEIS; (2) issuing a Record of Decision no sooner than 30 days following publication of a Notice of Availability of the FEIS by the EPA in the *Federal Register*; and (3) transfer of the Strawberry Fields Site in to trust.
